CH. CHARAN SINGH NATIONAL INSTITUTE OF AGRICULTURAL MARKETING (CCS NIAM)

CCS NIAM is a premier national institute setup by the Government of India to offer specialized training, research, education and consultancy in the field of Agricultural Marketing. CCS NIAM is playing a vital role in expediting the reform process and the availability of quality managers through its mandate. It is engaged in organizing training programmes in the field of agricultural marketing and allied areas for senior and middle level officers from various line departments of State Governments, Cooperatives, Marketing Boards and Agribusiness Startups & Entrepreneurs. The institute is also playing an active role in orienting agricultural extension personnel towards agricultural marketing.

INNOVATION & ENTREPRENEURSHIP FEDERATION OF CCS NIAM (IEF of CCS NIAM)

Innovation and Entrepreneurship Federation of CCS NIAM (IEF of CCS NIAM) is a Section 8 company under 100% shareholding of Chaudhary Charan Singh National Institute of Agricultural Marketing (CCS NIAM). IEF of CCS is functioning as a Knowledge Partner under RKVY RAFTAAR, MoA&FW and till date have incubated more than 800 startups, successfully facilitated sanctioning of grant-in-aid support of more than Rs. 39.00 crore to 300 agri startups along with its partner R-ABIs. It is conducting 3 programmes under RKVY-RAFTAAR, Student Orientation Programme (SOP), Agripreneurship Orientation Programme (AOP) and Startup Agri-Business Incubation Programme (SABIP) for pre-seed and seed stage startups that provide 1 month of incubation and funding support up to Rs. 25 lakhs. The programme aims to support existing and budding ventures, enterprises and start-ups in agriculture by training, mentoring and financing.

Shri Muktanand Agrawal, IAS
Joint Secretary, Ministry of Agriculture & Farmers Welfare,
Govt. of India & Director General, CCSNIAM

In a nation where agriculture remains the bedrock of our economy, employing nearly half our workforce, the role of innovation has never been more critical. Indian agri startups are not just rising to this challenge; they are redefining it.

The current scenario of Indian agriculture in 2025 is marked by a decisive transformation, driven by technological adoption and a strong policy push towards sustainability and digitalization. The Innovation and Entrepreneurship Federation of CCS NIAM has been at the heart of this change, serving as a Knowledge Partner catalysing the growth of agri-entrepreneurship. This newsletter presents the activities of IEF of CCS NIAM, its partner R-ABIs and activities of startups incubated under cohort 11.

There has been a continued growth of innovation and entrepreneurship at CCS NIAM under the Innovation and Agri-entrepreneurship programme of RKVY. The centre is committed to empowering agri-startups engaged in revolutionizing Indian agriculture with sustainable, tech-driven, and scalable solutions.

The Innovation and Entrepreneurship Federation of CCS NIAM has consistently supported startups in addressing real-time challenges in the agri-value chain—ranging from precision agriculture and climate-smart technologies to waste management, aquaculture, and digital farming. IEF's efforts have not only fostered rural employment and youth engagement but also contributed to innovation-led development.

My best wishes to the entire team at IEF of CCS NIAM and the startups of Cohort 11 for a successful journey ahead.

Dr Hema Yadav
Director, CCS NIAM & IEF of CCS NIAM

India's agricultural story is being rewritten in the vibrant hubs of innovation where technology meets tradition, and where novel ideas are solving challenges faced by farmers and different stakeholders.

The Innovation and Entrepreneurship Federation of CCS NIAM celebrates the spirit of innovation and the power of entrepreneurship for the benefit of Indian agriculture. By nurturing agri-startups and introducing scalable and sustainable business models, IEF continues to bridge the gap between agri-business innovations and their impact.

The newsletter presents the 11th Cohort of agri-startups, who successfully completed a one-month incubation journey under the Startup Agri-Business Incubation Programme (SABIP), Agripreneurship Orientation Programme (AOP), and Student Orientation Programme (SOP) from December 30, 2024, to January 31, 2025. We function as a Knowledge Partner under RKVY and this newsletter also highlights the activities of IEF of CCS NIAM & its partner R-ABIs during January – June 2025.

As we look ahead to the rest of 2025, we are committed to deepening our impact. We will continue to foster an environment where cutting-edge ideas can flourish into sustainable businesses that empower our farmers, secure our food systems, and propel the Indian economy forward. The journey of transforming Indian agriculture is a collective one. I invite you all to join us in this mission—as collaborators, mentors, investors, and champions of innovation.

We are grateful to the Ministry of Agriculture & Farmer's Welfare for their continued support towards nurturing agri-entrepreneurship, building more resilient and equitable food system and redefining rural livelihoods and best wishes to all the startups of Cohort 11 for a successful entrepreneurial journey ahead.

Dr Ravi Kumar Goyal
Chief Operating Officer, NABI & Director, IEF of CCS NIAM

It is a pleasure to present the 11th edition of NABI Patrika, showcasing the inspiring progress of our Agri-Incubation Programme under the Seed and Pre-Seed framework. These initiatives reflect our strong commitment to fostering innovation and driving sustainable transformation in Indian agriculture.

The dedication and resilience demonstrated by our incubated entrepreneurs, supported by mentors, partners, and the wider ecosystem, are truly commendable. I extend my sincere congratulations and best wishes to them for continued growth and success.

We remain committed to nurturing these start-ups into future leaders of agri-innovation and look forward to their lasting impact on agribusiness and sustainable development.

Incubation Programme: Cohort 11

NABI successfully conducted the 11th Cohort of Startup Agri-Business Incubation Programme (SABIP) and Agripreneurship Orientation Programme (AOP) from 30th December 2024 to 31st January 2025. NIAM Agri-business Incubator (NABI) selected 17 AOP and 19 SABIP Startup and 2 SOP ideas from across the country for the Incubation programme.

The inaugural ceremony of incubation programme for Cohort was held on 30th December 2025 on virtual platform.

During the 1 month incubation program, the prominent sessions of the incubation program include Application of Blockchain in Agriculture, Digital Marketing Strategies for Agri Start-ups, Lecture on Growth Hacking for Agri Startups, Market Research Techniques, Workshop on Significance of Intellectual Property Rights for Agri Start-ups, Workshop on Lean Start-up & Business Model Canvas, Funding Schemes for Start-ups, Role of APEDA in promoting agri start-ups, Customer Segment & Market Analysis, Marketing Strategy, A Path to Purpose: Developing.

The start-ups joined One Week Virtual Bootcamp at the end of one month training programme from 27st - 31st January 2025

The incubated agri-startups presented their business ideas before CCS NIAM RKVY Incubation Committee (RIC) on 2 and 3 May 2025 for recommendation of pre-seed and seed stage grant-in-aid support by RIC Committee, RKVY RAFTAAR Division, Ministry of Agriculture & Farmers Welfare, Govt. of India.

The 1-month incubation program culminated with a valedictory ceremony on 31st January 2025. The startups shared their experience, benefits of incubation programme, lecture sessions which were worth mention, their startup journey with IEF of CCS NIAM and complimented the efforts of the entire team in making the one months' incubation training programme worthwhile and impactful.

32 Agri Startups from 14 different states across the country completed incubation and mentoring by IEF of CCS NIAM under Cohort 11 (30th December, 2024 to 31st January, 2025)
